

**RESCHEDULED NOTICE OF HEARING****Docket No. 2021-192-E - Dominion Energy South Carolina, Incorporated Coal Retirement Docket Opened Pursuant to Commission Order No. 2021-418****Why is this Notice Important?\***

- The Public Service Commission has rescheduled a public hearing in this docket pursuant to Commission Order 2021-722.
- The Public Service Commission decides what rates a utility can charge.
- This Notice is for electric customers of Dominion Energy South Carolina, Incorporated and interested persons.
- On June 9, 2021, the Public Service Commission, during its regularly scheduled Commission Business Meeting, issued a Directive stating:  
The revisions to the DESC [Dominion Energy South Carolina, Incorporated] 2020 IRP previously ordered by the Commission resulted in Resource Plan 8 being selected by DESC as the “preferred portfolio” to lessen ratepayer impact, promote reliability, incorporate renewable energy, reduce carbon dioxide emissions, and considered the least risky of the resource plans. RP 8 also retires the Wateree and Williams coal plants in 2028 and converts the Cope coal plant to natural gas in 2030. I move that the Commission open a DESC Coal Retirement Docket so that the company and the parties can advise the Commission on an appropriate procedural schedule along with any statutory or regulatory deadlines that might need to be addressed. I further move that the Commission direct the Clerk’s Office to issue a notice for intervention and comment from all interested parties and stakeholders.

**Who is the Public Service Commission (PSC)?**

The PSC watches over businesses that provide necessary services for day-to-day life, such as the electricity provided by Dominion Energy South Carolina, Incorporated.
